Fair and Personal Analysis

The concept of fair and personal analysis is derived from the Insurance Mediation Directive. It describes the extent of the choice of products and providers offered by an intermediary within a particular category of life assurance, general insurance, and/ or a specialist area. The number of contracts and providers considered must be sufficiently large to enable us to recommend a product that

would be adequate to meet a client's needs.

The number of providers that constitutes "significantly large" will vary depending on the number of providers operating in the market for a particular product or service and their relative importance in and share of that market. The extent of fair analysis must be such that could be reasonably expected of a professional conducting business, taking into account the accessibility of information and product placement to intermediaries and the cost of the search. In order to ensure that the number of contracts and providers is sufficiently large to constitute a fair and personal analysis of the market, we will consider the following criteria;

- The needs of the customer
- The size of the customer order
- The number of providers in the market that deal with brokers
- The market share of each of those providers
- The number of relevant products available from each provider
- The availability of information about the products
- The quality of the products and services provided by the provider
- Cost and any other relevant consideration

Life, Pensions and Investments

Ollie Moran Financial Services Ltd provides life assurance, pensions and investments on a fair and personal analysis basis i.e. providing service on the basis of a sufficiently large number of contracts and product producers available on the market to enable us to make a recommendation, in accordance with professional criteria, regarding which contract would be adequate to meet your needs.

We will provide assistance to you for any queries you may have in relation to the policies or in the event of a claim during the life of the policies and we will explain to you the various restrictions, conditions and exclusions attached to your policy. However, it is your responsibility to read the policy documents, literature and brochures to ensure that you understand the nature of the policy cover, particularly in relation to PHI and Serious Illness policies.

Specifically on the subject of Permanent Health Insurance policies it is our policy to explain to you (a) the meaning of disability as defined in the policy (b) the benefits available under the policy (c) the general exclusions that apply to the policy and (d) the reductions applied to the benefit where there are disability payments from other sources.
